OBITUARY INDEX – T

for those whose surnames begin with the letter T

These entries reference the Rock Island Argus newspapers that were published before 1986.

Introduction to the Obituary Index

The Downtown Branch of the Rock Island Public Library preserves an old 3 x 5 index card file in its archive that specifies the location of obituaries that have appeared in back issues of the local newspaper, *The Rock Island Argus*. Those past issues of the newspaper are kept on microfilm reels for our patrons in the library's Microfilm Room.

Importantly, the Obituary Index is old and no longer maintained. As with all American libraries, the Rock Island Public Library joined the move to computers in the late 1980s and connected to the World Wide Web in the 1990s.

In an effort to preserve these results of the tireless labors of unnamed librarians of the past, and to ease the task of families and/or genealogists who may be searching for records of deceased family or friends, we have digitized these older obituary cards and now are able to make them available to anyone who may need assistance in their genealogical inquiries.

Please take note that the obituary cards do not present the obituaries themselves, but give reference to where they may be found in the pages of our local newspaper, *The Rock Island Argus*. Please also be aware that most of the obituaries entered have dates before 1986 or the end of that decade. Only a very few will give reference to later deaths and none after 1992.

I have made every possible effort to alphabetize all 31,282 of these cards to place all of the surnames in their proper order. I have also made these indexes searchable, which should greatly speed up your surname lookups.

It should also be added that the original cards were printed manually on typewriters by harried librarians. There are frequent typos and other mistakes that could not be corrected by scanning the cards, so please try several different spelling options as you look through these indexes.

Happy hunting,
James F. Shearouse, reference librarian
